

The Capitol of the United States

General Information

If you are planning a trip to Washington, D.C., I hope you will consider my office your home away from home during your stay, and encourage you to come by and visit. My office is located in the Longworth House Office Building, Office 1119.

Each tour has a different procedure for making a reservation. You may hear results on a rolling basis, and often times, right up until the date of your departure. Please be aware that even with significant advance notice tour requests for the most popular attractions are often difficult to fulfill, especially during the peak tourist season of February through August. I can not guarantee admission to any particular tour.

To help my staff schedule tours for you, please submit your request and accompanying security information to my office as soon as you have selected dates for your visit. In the event that a tour is not available, my staff can provide information on other popular attractions.

Please note that as a matter of congressional courtesy, my office accommodates tours only for residents of California's 31st congressional district. If you are not from my district, please contact your U.S. Representative or U.S. Senator to help arrange your tours.

Forms
